

Fluorescence Detection Report			
Report Number	20240920-02 TD10002-14C	Testing Date	Sept. 20, 2024
Part Number	Inc 718	Part Name Qty.	Heavy Duty TIE-Down (Type-14)
Material			3 pieces
Inspect Area		100% Surface	
Technical Conditions			
Pre-Treatment	Liquid cleaning with metal cleaner	Cleaning Method	Water Jet Cleaning
permeation	ZL-60D-Fluorescent Penetrant Agent	Permeation Time Dry Method	15Min. Immersed
Cleaning Method	Water is cleaned through special nozzles	Application Method	Drying oven below 122°F
Image	KD-S2-Distributed on the surface ever	Final Treatment	Deposition in the duster box N/A
Observation	Under the black light		
Images:			
			

					
Result	No signs of cracks				
Operator	Wenyang Che	Quality Management	Wenfang Wang	Technical Director	Xiangqiu Meng
